

Aurora

Acoustic ceiling rafts

Our acoustic ceiling rafts can be used across a wide range of spaces to absorb sound and reduce echo. They're easy to install and can be cut to any shape including circles, ellipses, squares, clouds, leaves (and many more) allowing you to create striking ceiling designs.

fixed suspension kit

adjustable suspension kit

Features

GUARANTEES

AllSfär guarantee its products against material or manufacturing faults. At AllSfär's sole discretion, AllSfär will repair or replace with comparable materials any product or component which fails under normal use in a single shift environment as a result of a defect in the materials or workmanship. A five-year manufacturer's guarantee applies to ÓRA wall coverings and DIFFUSE acoustic furniture. AllSfär also offer a two-year guarantee on all moving parts. The full Warranty Policy is available on request from AllSfär Customer Services.

SPECIFICATIONS

Whilst every care is taken to ensure accuracy, all dimensions are approximate and, as a consequence, AllSfär cannot be held responsible for errors. As part of our policy for continued improvement AllSfär reserve the right to make any changes, without notice, to specifications or designs that it considers reasonable. Any such changes will not affect the validity of the contract.
