Powerlink

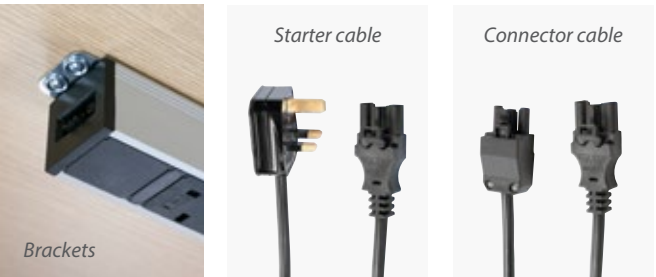

Underdesk power module

These simple but robust power modules can be installed in cable trays or fixed to the underside of the desk using the brackets or velcro pads provided.

With high quality aluminium alloy casing, solid construction and sleek appearance, Powerlink offers incredible value for money at a very affordable price.

Powerlink modules can be linked to other underdesk or desktop power modules, including Boost, using connector cables with a maximum of six power sockets in one series.

Powerlink comes as a silver alloy case with black plastic insert.

C Series

CPU Holders

- › Certified to severe structural standards
- › Mini models for thin-client and small CPUs
- › Large models for tower and older CPUs
- › C3 & C4 styles supplied almost fully assembled

C2 large CPU holder

- Easy spring-pull height adjust
- Soft grip pads prevent scratches
- Compatible with C9 adaptor

C3 large CPU holder

- Easy spring-pull height adjust
- Desktop or side panel fixing
- Security bars prevent CPU falling from holder
- Compatible with C9 adaptor

C4 mini CPU holder

- Ideal for thin client / small CPUs
- Easy adjust with desktop fixing
- Security bars prevent CPU falling from holder
- Compatible with C9 adaptor

C6 universal CPU holder

- Direct fix or with spacers to clear desk underframe
- Easy adjustment
- Available in black only

C7 micro CPU holder

- Ideal for mini CPUs but adjustable for other CPU sizes
- 360° rotation for easy positioning
- Can be fitted to pole (including Kardo pole), monitor arm or desk

C9 universal slide and turn adaptor

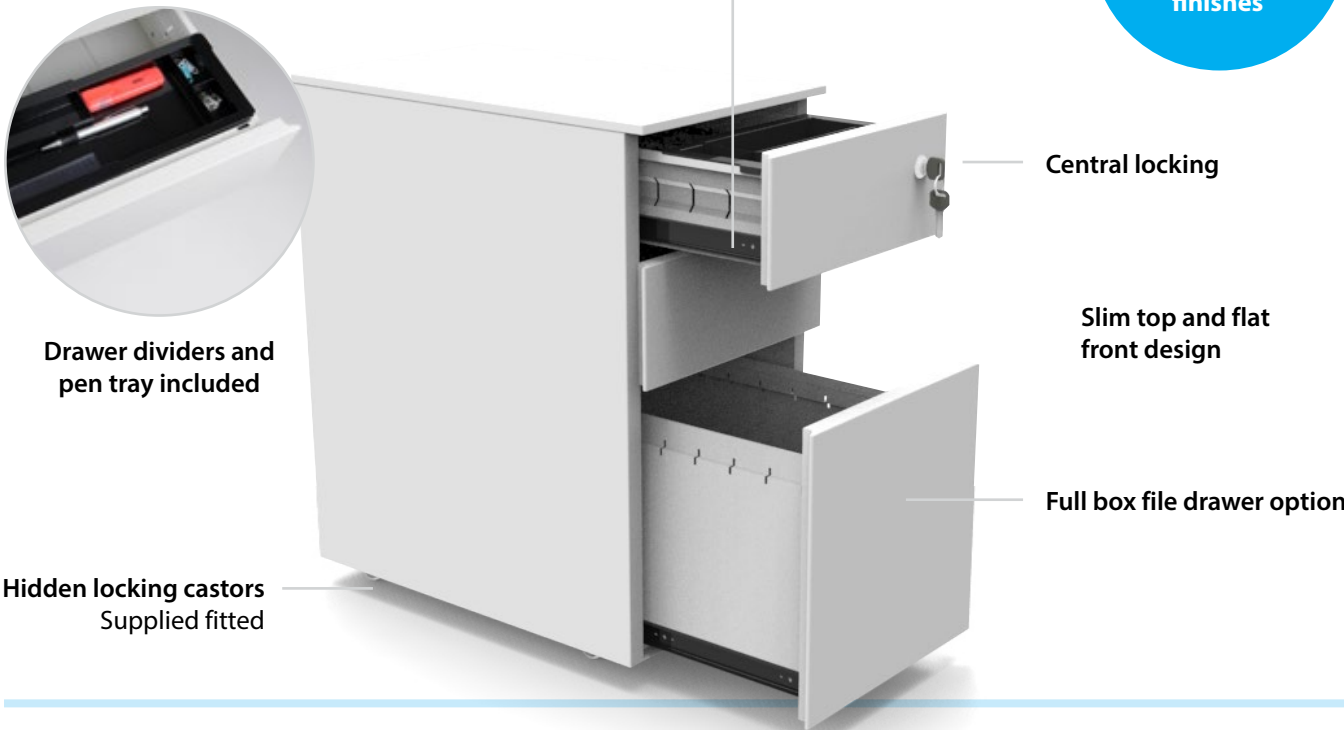

- Designed for use with C2, C3 and C4 CPU holders
- Optional desk beam clearance spacers (pictured)

Linx

Expertly engineered cable manager

Designed with strength, flexibility and ease of installation in mind, Linx offers the latest developments in superior cable management.

The unique 'twist not pull' linking system ensures the vertebrae will never pull apart under tension, but will detach very easily when twisted sideways. This ensures that Linx never comes apart while in use, but remains incredibly easy to extend and manipulate when needed.

Choose from different lengths for fixed height or sit/stand desks or without the base for use between cable trays on sit/stand benches.

Multipurpose fixing clip
Mount to cable tray,
wire basket or desktop

Unique patented*
linking system

Dual cable compartments
30mm x 25mm

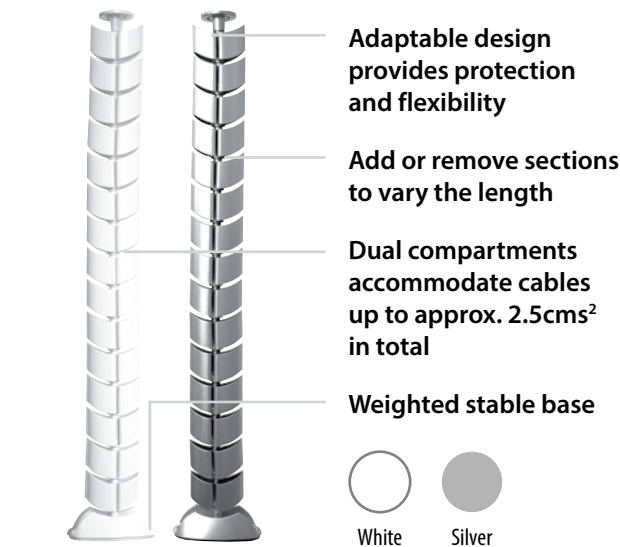

Incredibly
easy to adjust
length and
insert cables

Multiple configurations
available for various
applications

Large, weighted stable
base with dual cable exits

Mesh fabric sock

Adjustable strap provides
fine height adjustment

Ultra lightweight
and flexible

Dual compartments
accommodate cables
up to approx. 2.5cms²
in total

Quick and
easy to use

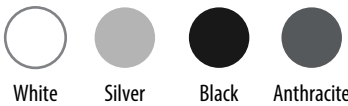

Cable Trays

Cable management

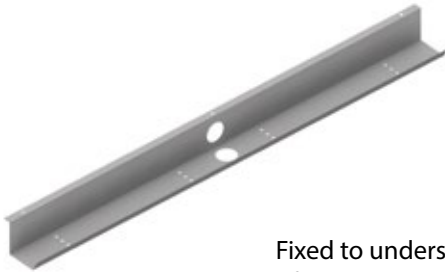

Untidy power and data cables are unsightly, make cleaning difficult and can pose a safety risk. Use of a cable tray underneath the desk helps to keep cables neat and tidy and the workspace clear.

The range of simple but strong steel cable trays is designed to suit various desk sizes and arrangements.

Cable port inserts designed for holes in desks and tables include a metal frame with lid and an open base.

Looking after our planet for future generations

Waste plastic is creating a global pollution problem, especially in our oceans. Nobody knows exactly how much, but recent estimates from respected scientific journals indicate some 8 million tonnes of plastic enter our oceans every year!

Since 2018 we have been focused on eliminating plastic from our product packaging. The majority of our product packaging is already made using recycled paper-based materials which can also be recycled again and our aim is to have all Metalicon branded packaging completely plastic free by 2023.

Look out for our Ocean Friendly logo on Metalicon branded product packaging. This indicates the packaging on this product is already completely plastic free! Thank you for supporting us in tackling this important issue.

**Our World.
In Our Hands.**

Experience the difference **Join our global dealer network**

Arrow supply exclusively to the trade so we never compete with our dealers. Your business is our business, so we strive to provide you with sales leads and extensive support.

Our sales and support staff come from a dealer background, so we can empathise with your challenges.
