

ACOUSTIC FURNITURE

Diffuse acoustic furniture allows architects, interior designers and specifiers to create agile workplaces that provide for different tasks and personality styles.

The flexibility of the range allows spaces for focus, reflection and calm as well as spaces for meetings, collaboration and ideation.

ACOUSTIC FURNITURE

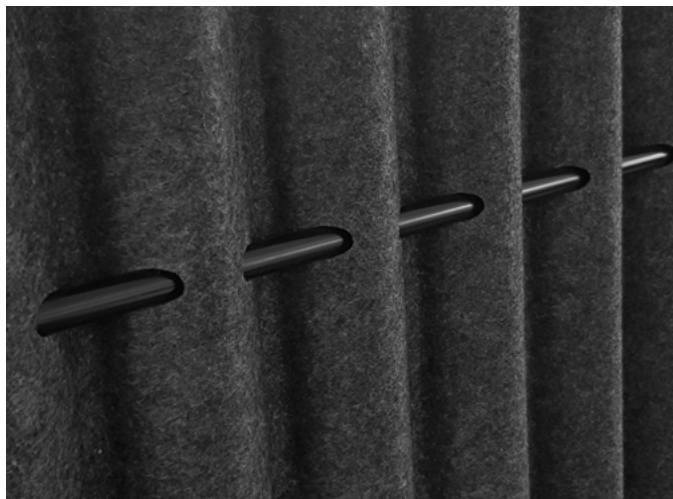

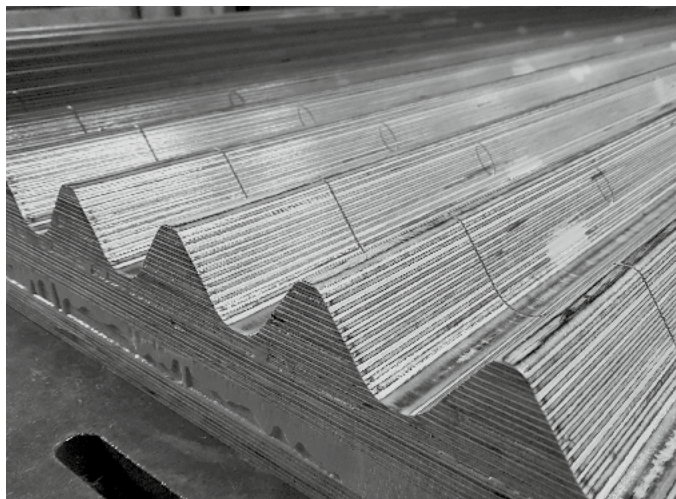

Diffuse

Individual acoustic screens

Diffuse acoustic screens combine design aesthetics with acoustic practicality to increase acoustic comfort and wellbeing in the workplace. The flexible, modular design includes a range of different sizes and shapes and allows you to define different spaces across large open-plan offices and co-working spaces.

FEATURES

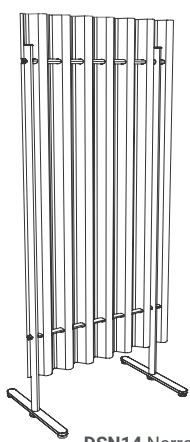

- Designed and manufactured in the UK
- All screens are 8mm thick
- Made from 50% recycled PET
- Manufacturer's 5 year guarantee
- All screens pass BS 5852: 2006 Clause 12, Ignition Source 5 (Crib 5)
- No formaldehyde binders
- Unique curved ridged design enhances acoustic properties
- Choice of eight different screen options, including straight, curved and corner screens
- Modular and responsive configurations to suit any space
- BIM/Revit files available to download from www.allsfar.com

ACOUSTIC FURNITURE

Diffuse WorkBox

One-person work station

Providing people with real choice about where they work within an office is an important element for today's workplace designers and specifiers. Diffuse WorkBox is a great solution for open-plan, agile and co-working spaces. The curved shape of the screen increases the acoustic comfort, reduces distraction and creates a little haven of privacy and calm within busy workplaces.

ACOUSTIC FURNITURE

Diffuse X

Four-person work station

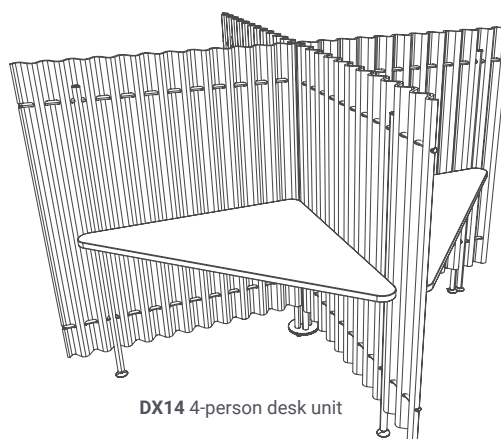

When office space is at a premium but you still need to define separate work areas as well as provide people with privacy and a sense of ownership of their space, our Diffuse X cross-desk screens are the perfect solution. Ideally suited to open-plan offices where small teams need to be near each other but also need to have a space to call their own for individual work, the cross-screen design and integrated desks allows efficient use of all available space as well as providing the added option for personalising each desk area.

FEATURES

- › Designed and manufactured in the UK
- › All screens are 8mm thick
- › Made from 50% recycled PET
- › Manufacturer's 5 year guarantee
- › No formaldehyde binders
- › Integral desk available in a variety of finishes
- › 4-person desk unit, ideal for small teams who need to be near each other
- › BIM/Revit files available to download from www.allsfar.com

ACOUSTIC FURNITURE

Diffuse Duo

Two-person meeting space

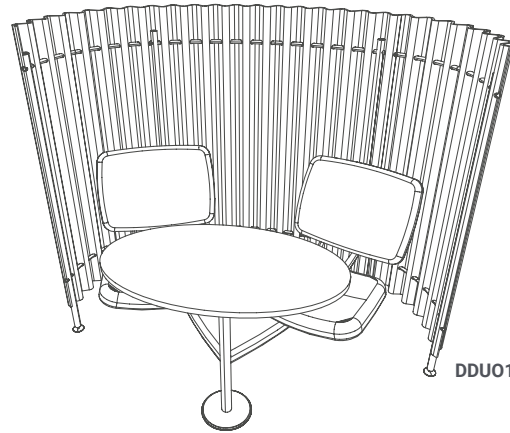

Diffuse Duo is designed to provide a space for focused collaboration where two people can discuss and share ideas away from the buzz of the open-plan office. Ideal for informal, small meetings, the curved design promotes a relaxed feel encouraging people to engage and talk more openly.

FEATURES

- › Designed and manufactured in the UK
- › All screens are 8mm thick
- › Made from 50% recycled PET
- › Manufacturer's 5 year guarantee
- › No formaldehyde binders
- › Integral desk available in a variety of finishes
- › Integral swivel-seating design for efficient use of space
- › Seating upholstered in Camira Blazer range as standard. Other fabric options are available, please contact us for a bespoke price
- › Perfect for co-working spaces, reception areas and hotel lobbies
- › Ideal alternative to large, drab meeting rooms
- › BIM/Revit files available to download from www.allsfar.com
- › All screens pass BS 5852: 2006 Clause 12, Ignition Source 5 (Crib 5)

GUARANTEES

AllSfär guarantee its products against material or manufacturing faults. At AllSfär's sole discretion, AllSfär will repair or replace with comparable materials any product or component which fails under normal use in a single shift environment as a result of a defect in the materials or workmanship. A five-year manufacturer's guarantee applies to ÖRA wall coverings and DIFFUSE acoustic furniture. AllSfär also offer a two-year guarantee on all moving parts. The full Warranty Policy is available on request from AllSfär Customer Services.

SPECIFICATIONS

Whilst every care is taken to ensure accuracy, all dimensions are approximate and, as a consequence, AllSfär cannot be held responsible for errors. As part of our policy for continued improvement AllSfär reserve the right to make any changes, without notice, to specifications or designs that it considers reasonable. Any such changes will not affect the validity of the contract.
